TRADE DOLLARS IN DEMAND.

When trade dollars were 10 per cent discount, it was generally believed they would never again be worth par. But we have seen how rapidly the discount disappeared and how suddenly the trade dollar was worth more than gold. And no one will learn with surprise that trade dollars are now very much in demand, and that the mints of the United States have not recently been able to coin trade dollars as rapidly as they have been wanted by bullion and exchange dealers. During the month of January the San Francisco Mint coined \$10,000,000 in trade dollars, but the monthly deposit is still in excess of the coining capacity. Deposits of bullion for these coins have been declined for some months past at the Philadelphia and Carson Mints. In an article upon coinage operations the New York Tribune gives these additional items of peculiar interest: "Depositors pay coinage charge for trade dollars of 1 per cent in advance of one-quarter having recently been made. Moneys accruing from this charge are paid without deduction into the Treasury. About \$21,000 of the \$50,000,000 change money, authorized by law to be coined and issued remained to be coined, which, allowing one month for annual settlement and repairs, will occupy the mints until about February, 1878. After that it will be necessary to begin the coining of half and quarter eagles to meet the requirements of the country on and after January, 1879, the time fixed by law for resumption. Nearly all the gold and silver bullion purchased in the United States at the present time, and for some months past, finds its way to the mints, and the indications are that considerable amounts of foreign bullion will be imported and deposited for coinage. Should Congress authorize the coining of the silver dollar during the present session, which is not probable, it would materially prolong the time for completing the coining of silver change money. Should the coining of the silver dollar not be authorized during the present session, the coining of trade dollars will be increased as soon as it shall be practicable to relax the production of subsidiary coins."

FLORIDA FOR HAYES.

The Electoral Commission has decided, by a vote of 8 to 7, that the four electoral votes of Florida should be counted for Hayes and Wheeler. The Senate has sustained the action of the Commission. This decision practically ends the contest and declares that Hayes and Wheeler are President and Vice President, respectively.

THE OREGON CASE.

Senator Mitchell, of Oregon, who is a member of the Senate Committee on Privileges and Elections, will next week report on the Cronin case thus:

1.—Conceding that Watts was ineligible, the Governor of the State had no jurisdiction to decide this and his actions in the premises are void.

2.—Watts did not take his seat in the College on the ground that he was made an Elector by the people, but in consequence of his election by a majority of the College.

3.—Under the laws of Oregon, the Electors present on the day of the meeting of the College may fill any vacancies occasioned by death, refusal to act, neglect to attend or otherwise.

4.—The Governor's certificate on its face shows that two Republican Electors were chosen. These were a majority of the College, and the only ones contemplated by law to fill a vacancy.

BRITISH TROOPS COMING.—Two regiments of British troops are to be transferred from Nova Scotia to Vancouver Island, in British Columbia. One route of transportation would naturally be by the Isthmus of Panama to Victoria; and another by Canada railroads to Lake Superior, and from thence across the desert country to Fraser River. But it is said the British Government has applied to the United States for permission to transfer these troops to New York, and thence across the country by the Pacific Railroad. This friendly concession to Great Britain will probably be granted, and then we may again see a small army of "Red Coats" among us. One hundred years ago John Bull sent his brave soldier boys all over our seaboard.

We are in receipt of a circular from the Trustees of the San Francisco Mechanics' Institute from which we learn the following items of interest about their Twelfth Industrial Exhibition, which is to commence on Tuesday, August 7th next, and continue open for at least thirty days. The Exhibition will be held in the Grand Pavilion, Market, Eighth and Mission streets, and easily accessible by six lines of city cars. The building is 200 feet wide, 550 feet long, and 100 feet high, with a gallery around the inside 50 feet wide, to side a promenade 16 feet wide and 1,000 feet in length from which an unobstructed view of the interior is obtained. In addition to the above space there will be an exotic garden 70 by 210 feet, for the display of the fruits and flowers of this coast. Also a mechanical annex 200 by 50 feet, for the display of special machinery. A large and powerful engine will furnish the motive power for all machinery required to be in motion, while steam and water will be supplied in sufficient quantities to such machines or appliances as require them. The main line of shafting is 300 feet in length, with sufficient pulleys for all requirements. The art gallery is 400 feet in length and 70 feet wide, well lighted by skylights during the day and at night by the most improved reflectors. It will be made specially attractive, both in pictures and statuary. Many noted works of art are already promised, and it is confidently expected this department will excel anything ever before seen on this coast. Over 6,000 gas lights will be used to illuminate the building during the evening. Four thousand seats will be provided for visitors. Also, a first-class restaurant, where refreshments of all kinds can be obtained at moderate prices. A grand instrumental concert will be given each afternoon and evening by an orchestra composed of the best musical talent on this coast, and under the leadership of an experienced and popular conductor. It is important that all parties intending to contribute to this Exhibition should give early notice of the amount and kind of space required.

HOW VALENTINES ARE MADE.

"St. Valentine's day" is coming, and even at the risk of crushing sentiment, we give the following timely information from Good Words:

Modern valentines, aside from the valuable presents contained in them, are very pretty things, and they are growing prettier every year, since large business houses spare neither skill nor money in getting them up. The most interesting thing about them is "grown-ups" is the way they are made; and perhaps even you youngsters who watch eagerly for the postman, "sinking beneath the load of embarrassments not his own," would like to know how satin and lace and flowers and other dainty things grow into a valentine.

It is no fairy's handiwork. It went through the hands of grim-looking workmen and dowdy-looking girls; it made familiar acquaintance with sand paper and glue pots, and steel stamps and ink presses and paint brushes, and all sorts of unpleasant things before it reached your hands.

To be sure a dreamy artist may have designed it, but a lithographer with ink fingers printed the picture on it; a die cutter with sleeves rolled up made a pattern in steel of the lace work on the edge; and a dingy-looking pressman with a paper hat on stamped the pattern around the picture. Another hard-handed workman rubbed the back of the stamped lace with sand paper till it came in holes and looked like lace, and not merely like stamped paper, and a row of girls at a common long table—talking about their own narrow lives, the hard times, and so forth—put on the colors with stencils, gummed on the hearts and cupid's and dowers and mirrors and doors and curtains, and stuck in the sachet powder, and tied up the bows, and sewed on the fringes, and tacked in the handkerchief or other gift, and otherwise finished the thing exactly like the pattern before them.

You see the sentiment about a valentine doesn't begin yet. To all these workmen it is merely their daily duty, and to them means only bread and butter and a home. It is not until Tom, Dick or Harry takes it from the stationer and writes your name on it that it acquires, in some mysterious way, the sentiment that makes it such a nice thing to get. The hideous abomination called a "comic valentine," which is merely a cruel or low-minded insult to the receiver, is beneath the notice of any gentleman, whether he be five or fifty years old and I am sure no boy cares to know just how it is made.

CORRESPONDENCE.—We have our usual Washington letter this morning. We hope our readers will not fail to read each week, as they appear, our National Capital correspondence. They are written in fine

The Electoral Tribunal—President—Whom? Justice Bradley—The Count—Cronin—The Gambler—The Gambler Against the President—A Profane Perjury—An Electoral Count vs. a Grand Duke—Newspapers—Palatine For Sale—Etc., Etc.

WASHINGTON, D.C., Feb. 2, 1877. ELECTORAL TRIBUNAL.

EDITOR JOURNAL.—The count of the electoral vote for President and Vice President of the United States commenced yesterday in the House of Representatives, and it will probably be fully two weeks, if not longer, before the result is secured and made known. As constituted the tribunal undoubtedly commands the confidence of the great body of the people. It is worse than useless to prophesy as to the result, but one thing is morally certain, namely, that whether it be Hayes or Tilden, or a new election the Republican party must ultimately triumph; and whatever be the decisions of the tribunal, in the matter of the disputed States, as on all other questions they must stand as final since they cannot be reversed except by the affirmative vote of both Houses. One house being Democratic and the other Republican an agreement to reverse any decision of the tribunal is next to impossible.

The election of Justice Bradley as THE FIFTH JUDGE.

To sit upon the Electoral Commission is not altogether as satisfactory as it might have been, his decisions while upon his circuit, which includes all the Southern States, having invariably been adverse to the Republican policy and belief, especially as regarding KKKluxing and enforcement act cases.

THE LEADING COUNSEL.

Engaged by the Republican Committee to represent Hayes and Wheeler before the Electoral Commission are Wm. M. Evans and L. W. Staughton of New York, and Stanley Matthews and S. S. Shellabarger of Ohio, who will be assisted by our own "Pope Bob" Ingelsoll. All these gentlemen are here and have filed their briefs in their case. When the commission reach the Oregon matter their action will undoubtedly be prompt and non-partisan. The assumption that Cronin was elected because Dr. Watts was ineligible cannot be sustained either by precedent or law, and the tribunal will doubtless ignore it. The tug of war, where Greek will meet cheek, will come on the State of Florida and Louisiana.

MISCELLANEOUS.

It is exceedingly doubtful if the police bill, which this week passed the House over the President's veto, will get through the Senate. The backers of the bill are the gamblers and blacklegs in this city, while all honest and law abiding citizens are against it.

Before this I suppose your readers have been fully informed through the press of the testimony of Littlefield, who swore yesterday that he committed forgery upon one of the Louisiana election returns by direction of Wells, a manager of the Returning Board. I only hope they may see his whole deposition. In it he directly contradicts himself, besides which he has heretofore sworn that he did not do what he now says he did do; and the whole affair in the words of Polonius looks very like a put up job. I imagine it "won't work."

Popular excitement in this city today is about evenly divided between the electoral count and the Grand Duke Alexis, the "furnier" leading at last reports.

Just after the election the great Democratic cry was "the people have spoken." Just after the electoral tribunal was established they cried "the people have spoken," and the question now is, when Hayes is declared elected will they still cry "the people have spoken?" Probably not.

The Chronicle of this city, a newspaper founded by John W. Forney, and founded by ex Senator Harlan, has at last gone to that better land where editors are unknown and correspondents are at a premium. It was seized for rent, and at the time of its seizure had a circulation of about 150.

The only change in European affairs this week is the offer of sale of Palestine by the Turks, with no takers. In the days of Peter the Hermit Christian Europe spent billions of dollars and millions of lives in an effort to obtain possession of this country, but it doesn't appear to be as valuable now as then.

Secretary Morrill has just succeeded in unearthing a gigantic system of frauds upon our revenues, of

The Market Gradually Stiffening—A General and Healthy Advance—It is Supported by the Mines—Confidence Increasing Here and in the East—The Improved Condition of the Mines.

The Enterprise of yesterday gives the following glowing account of affairs on the Comstock:

The stock market, notwithstanding occasional and small defections, is gradually stiffening. Its general tendency is upward and the advance is healthy, though slow. There will be more vigor shown soon. The connections between it and the lower levels of the Comstock are intimate, and these, as was said last week, never looked as well or promised so much as now. But, for the present, we must be satisfied with the slow advances made. It is better they should be slow, for then stocks will attain their proper values and not touch too high a level to be donated thence to too low a one.

But that there is an increase of confidence all over the coast and even in New York, is abundantly evidenced. The stock which is thrown on the market or offered at a little under rates is rapidly picked up, and prices advanced again to their former figures, and a little higher, too. This means confidence; it shows strength; it is an indication of health. Again, in New York the sales of the American Mining and Stock Board are nearly doubling every day. Western eyes are turning that way now to catch the signs of the times, and these, both here and there, are indicative of a trustful public, the feeling from which, and from which alone, may we expect a growth to better stature in the prices of our securities.

While the foregoing is all true and promising, the mines come in to supplement and sustain the whole. They are developing splendidly. We have alluded to this so often that there is no necessity to go over the list again. We have but to add increased indications and important developments in some to which eyes have been longingly turned of late. The big bonanza is proved to be all right. The drift from the 1650-foot level of the C. and C. shaft is in ore. Julia is improving. The Jacket report will bear more than reading; it will pay study in connection with the general situation. Overman continues her favorable showing. Justice and Bullion both come out with new claims for consideration, and the lower levels of the Comstock are simply full of glorious promises.

VALENTINE.—As St. Valentine's Day approaches, those who believe in its nonsensical accompaniments are making ready for the occasion. The day which young folks like to celebrate was probably named after a venerable old church party who was canonized somewhere about the year 280. The custom is much older than the name of the day and comes down from pagan times; hence probably, the reason in those pictures of heathenish looking objects now called "valentines." Jamison has lots of those pictures, also very elegant valentines in beautiful designs and attractive apparel.

SOCIAL BALL.—The Good Tempers give a social ball at the Reno Opera House on Monday evening. The price of admission has been fixed at one dollar. That is cheap enough for the good time sure to be had. The best of music will be in attendance.

NEW TO-DAY.

ROLL OF HONOR.—The following is the roll of honor of the Episcopal Seminary for the month ending on the 24: Ella Bishop 99, Lizzie Miller 99, Mary Grippen 98.8, Sarah Heyman 98.4, Minnie Miller 98.2, Kate Benham 98.2, May Cara 98.1, Ella Elder 98.1, Florence Pasmore 98.1, Carrie Grabner 97.6, Mary Kinney 97.5, Gertrude Hatch 97.2, Mary Parker 97.1, Maggie Ross 97.1, Mand Johnson 97, Emily Bonfield 96.7, Belle Folsom 96.7, Mary Holmes 96.5, Alice Higgins 96.5, Mattie Lewis 96.5, Leah Fredrick 95.7, Grace Dowdell 95.7, Gertrude Fitcher 95.7, Dora Graff 95.2, Esther Chrysler 95, Lizzie Houghton 94.7, Lou Beardsley 94.3, Mattie Sherman 93.7, Mollie Boff 93.6, Katie Kinhead 93, Alice Galloway 93.2, Maggie Vance 92, Henrietta Russack 92, Nettie Peck 91.7, Laddie Hooke 91, Nettie Chase 90.5. The Seminary is in a flourishing condition and every day becoming more proficient and complete. The teachers are earnest in their work, the young ladies are anxious to learn, and altogether an era of prosperity reigns.

RECOVERED.—Deputy Sheriff Young has recovered those fourteen chickens which a Chinaman tried to "borrow" of him a few nights since. The V. & T. watchman saw the Chinaman heavily laden with the fowls and ordered him to stop and explain why this plenty. The Mongolian took to his heels. A shot after him caused him to drop his prey, which were brought to the freight depot and returned to the owner. That quene-net will materially aid in correcting the morals of the Mongolians.

INQUEST.—Yesterday afternoon Coroner Haslund held an inquest on the remains of the Italian, the particulars of whose death we gave yesterday. The substance of the jury's verdict was that the deceased's name was Antonio Conti, that he was a native of Italy, aged 29 years, that he came to his death while blasting logs in White's Cañon, through carelessness and accident. The body was buried yesterday afternoon by the Coroner.

THANKS.—The M. E. Church desires to return most hearty thanks to all who so kindly and ably assisted in the late concert given for its benefit. The concert was a greater success than was even anticipated, the net proceeds amounting to \$103. May the "Old Folks" "live a thousand years and their shadows never grow less."

WM. KIRK.—The vagrant who demanded a jury trial and upon being found guilty appealed to the District Court, is in the County Hospital, and has epileptic fits.

At the Episcopal Church there will be divine service at 11 A. M. and 7 1/2 P. M. to-day Rev. Wm. Lucas officiating. Sunday school immediately after morning service. All are cordially invited to attend. Divine services to-day at the Congregational Church, both morning and evening, Rev. C. H. Pope officiating. Sunday School as usual. WARR.—Last Friday night five little children, the oldest only ten years of age, arrived here from Elko, alone and unprotected. Some one in Elko had made arrangements to get them this far on their way to the State Orphan's Home at Carson. Arriving here they were at a loss to know where to go or what to do. They were given lodgings for the night at the Depot Hotel and in the morning Mr. Chamberlain made arrangements to get them to Carson. The oldest one was a motherly little creature and looked after the welfare of the others as best she could, but a more helpless group of waifs seldom travel than were these. We must lay it up against Elko for permitting the poor little orphans to come all the way alone. However, their troubles are now ended for the children are now safe in that glorious charitable institution—the Nevada Orphan's Home.

THE PRISON BILL.—The Senate Committee yesterday reported favorably on the Reno Prison matter. Gov. Bradley, C. C. Batterman and C. H. Eistman are named as the Building Committee. The report was a majority one, and signed by Cassidy, Westerfield and Garrard. Comins would not vote, and Piper was absent when the Committee met.

BULLDOSED.—About dusk last evening a "tired" individual slept on the sidewalk. He claims that when he sought slumber he had \$220 in his pocket, and when he awoke, he didn't have a cent. Our officers place some credence to his statement, and are on the lookout for the bulldozer.

COMMITTED.—Yesterday morning Frank LaPoint was taken before Justice Richardson on a charge of murder, entered by District Attorney Cain. He was committed to appear before the next Grand Jury.

AGENT.—Paul Hamilton is agent for the Mail, the new San Francisco Democratic daily. The "faithful" will find Mr. Hamilton a prompt carrier.

GONE BELOW.—Wm. Duck left for San Francisco last night, to be absent for a few days. It is not true that he intends to get married down there. There is no question but that he ought to.

CON. POR.—An advertisement of more than ordinary interest to Con. Poe folks appears elsewhere. The proposition is to remove M. E. Morse and C. W. Farnham as Trustees.

SOCIAL.—Next Wednesday night the Masons hold their second social dance. Judging from the first one this will be very enjoyable.

POSTPONED.—Dr. Flattery has postponed his visit to Reno until Sat-

sewing machine, go to Jos. DeBoll's on Virginia street and get a "Davis." For Beauty, Simplicity, Durability and Strength, they have no equal. Terms, easy. Machine needles and attachments kept on hand. Machines cleaned and repaired at the most reasonable rates.

A HOUSE to rent for \$18 per month. Enquire of F. M. PAYNE.

VALENTINES.—For nice, yet cheap valentines, go to Yankee Dodge's Cheap John store.

PALACE BARBER SHOP.—Messrs Morris & Franklinfield desire to announce to their friends and the public in general, that they have opened an elegant Barber Shop, on Virginia street, fronting Budden's photographic gallery. New room, new furniture, and the only latest improved Rochester barber chair to be found in Reno. The most comfortable chair made. Shaving, hair cutting, shampooing, and dying attended to in a practical and workman-like manner. Everything to insure the comfort and pleasure of customers has been provided. Ladies and children's hair cutting and shampooing a specialty. All kinds of tonics and hair restoratives always on hand, together with the celebrated "dry shampoo," warranted to remove dandruff, and all itching of the head.
* MARK H. MORRIS,
H. H. FRANKLINFIELD.

HOT BAKED BEANS and Boston brown bread every Sunday morning at Harry Noyes' Chop House for 25 cents.

NEW STORE.—Yankee Dodge is again to the front. He is well aware of the hard times and knows that Reno wants goods sold at the lowest rates and for cash. Hence Dodge has opened a store next door to Pollard's Hotel, Commercial Row, where he will keep on hand a general variety of Yankee notions, such as Soap, Perfumery, Hose, Ladies and Gents' Underwear, Towels and Counterpanes, Baggy Robes, Horse Blankets, Whips, etc., etc. He has a well assorted stock of goods which he will sell cheaper than anybody. Call and examine them.

MERCHANT TAILOR.—M. Raphael has secured his old quarters on Virginia street, for the purpose of again pursuing his calling. Gentlemen wishing the latest styles of suits are respectfully invited to give him an order. All kinds of repairing done at short notice.

EXCELSION. Sugar, Boston, Milk, Butter, Oyster and Soda Crackers at B. S. Coggeshall & Co.'s.

DR. FLATTERY.—This successfully celebrated physician and surgeon whose world wide traveling reputation and 26 years graduated practical experience as a specialist, etc., will arrive at Chamberlain's Hotel, Reno, Saturday, Feb. 17th, to be consulted free of charge one week, and where he will continue to treat successfully with new remedies, embracing the best approved treatment from the most remote Oriental and Occidental countries for the cure of all forms of chronic, special and general diseases, however malignant and inveterate they may be.
* N. B.—The Dr. can be consulted at 106 C street, Virginia City, up to the above date.

GENTS' cloth, dog and buckskin gloves, paper collars and cuffs at B. S. Coggeshall & Co.'s.

DENTIST'S OFFICE.—Dr. W. D. Wagar, dentist, has removed from Simpson & Osburn's drug store, to the office on Virginia street, occupied by Drs. Johnson & Dawson, where he is prepared to perform all operations in his line at low prices. All work warranted.

CALL at City Drug Store and get a bottle of Dr. Abernethy's celebrated ginger brandy.

SELLING OUT.—Mrs. L. M. Chase is determined to close out, regardless of price, her large and varied assortment of dry goods and miscellaneous articles. Now is the time to buy cheap goods.

TONSORIAL WAR.—There is war among the barbers. Schwartz, at the International, has inaugurated it by reducing the price of hair-cutting from 50 to 25 cents, and shampooing from 50 to 25 cents.

1725 AN.—The above adage is most applicable to Messrs. Grey & Isaacs, dry goods merchants, Virginia street. Seeing since they have come amongst us, ladies have discovered to their joy that the prices in dry goods have fallen to one-half their original price, and still they tumble, as Grey & Isaacs are determined to still continue to lead the dry goods trade of Reno, and with that aim in view they have marked down their entire stock to enable them to clear out all their Winter goods, so now is your opportunity ladies to buy dry goods at your own price, at the same time showing your appreciation for their past acts.

AGENT.—Mr. W. J. Marsh has been appointed local agent for Reno of the well known musical house of Sherman & Hyde, of San Francisco. Therefore Mr. Marsh can sell you pianos, etc., on the same terms you obtain them below.

The National Gold Medal was awarded to Bradley & Hufschol for the best Photographs in the United States, and the Vienna Medal for the best in the world.
